BINDING OPERATIONAL DIRECTIVES

BOD 22-01: Reducing the Significant Risk of Known Exploited Vulnerabilities

November 03, 2021

RELATED TOPICS: [CYBERSECURITY BEST PRACTICES](#)

This page contains a web-friendly version of the Cybersecurity and Infrastructure Security Agency's Binding Operational Directive 22-01 - Reducing the Significant Risk of Known Exploited Vulnerabilities.

A binding operational directive is a [compulsory direction](#) to federal, executive branch, departments and agencies for purposes of safeguarding federal information and information systems.
